FEB 17 2005

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Hazardous Material Control Center (HMCC) Restructuring

1. References:

a. Headquarters US Army Forces Command, Hazardous Material Management Plan dated March 1998, enclosure 1.

b. Memorandum, XVIII Airborne Corps and Fort Bragg, AFZA-PW-EE, 13 December 1999, subject: Hazardous Material Management Program (HMMP), enclosure 2.

2. This memorandum directs units to purchase Class III packaged products through the Self Service Supply Center (SSSC) effective 1 March 2005. Requisitioning of these hazardous materials is currently done through the units' direct support Supply Support Activities (SSA), under management oversight of the Directorate of Logistics Hazardous Material Control Center (HMCC). The HMCC contract will be terminated on 28 February 2005, due to a lack of funding from Department of the Army.

3. The Directorate of Logistics (DOL) and SSSC will be able to continue review and processing of unit requests, delivery of products requested within 72 hours of purchase, and pick-up of empty hazardous waste containers on a bi-weekly basis. The SSSC will maintain Authorized Unit Lists (AUL) and provide units advice on rotation of stocks; however, the responsibility for inventory and management of unit operational and mission stocks reverts back to the unit.

4. This service package meets all requirements established for the HMCC in references 1a. and 1b., at an affordable level for the installation. These services will continue to be provided at no cost to supported units.

5. The DOL will provide implementing instructions under separate cover. The DOL point of contact is Ms. Shirley Aiken, 396-2317/6407.

FOR THE COMMANDER:

2 Encls

DAVID E. QUANTOCK
Colonel, GS
Acting Chief of Staff
